

Manage Availability & Team Selection (For Coaches & Team Admins)

Introduction

In this guide, you will learn how to view player availability, request that players (or parents) update their availability, create a team selection, publish a selection and request player confirmation.

Introduction to Player Availability

To make the life of a coach or team manager easier, Pitchero has created a player availability tool.

The tool allows a player, or a parent on behalf of a player, to declare their availability for a date in the future. A team manager can then review the availability of each player before they make a final selection - saving both players and coaches time and effort.

The player (or parent) can update their availability via the Pitchero Member Account page or the Pitchero Mobile app.

Note - Fixtures must be in the system, before a player can declare their availability.

The availability of a player will only appear within the private members account (website and app) and the club control. It is not made available to the general public.

Introduction to Team Selection

Selecting a team allows you to create a match day squad from your available players which can be published before or after the match.

When making the selection before the match, the admin can even send prompts for players to confirm selection to ensure all players are aware of their upcoming fixture.

These prompts can be sent via email, SMS or push notification so your players should never miss a game again!

Finally after the game, you can use your selection to record stats and publish formations so all your supporters can see how the team performed.

Availability

QUICK ANSWER

- To view a player's availability, login to your **Club Control Panel**.
- Select the **Teams** tab.
- Click the **Availability** option from the left-hand menu.

How to view Player Availability

To view player availability, access your Club Control Panel and click the 'Teams' tab, then select 'Availability' from the left-hand menu.

Here, you can see the next four fixture dates listed for your club, along with players' availability status for those fixture dates.

Webmasters with full access to the 'Teams' section will see players from all teams in their filter, whilst Team Admins will only see the players from their own team.

The screenshot shows the Boston United Football Club Club Control Panel. The top navigation bar includes the club logo, name, and website URL. Below this is a secondary navigation bar with tabs for Dashboard, Site Content, Teams (highlighted), Membership, Payments, Communication, Performance, Packages, and Settings. The left-hand menu under 'Teams' includes Overview, Availability (highlighted), First Team, Under-21s, Reserves, and Youth Team. The main content area is titled 'Availability Overview' and shows a table of player availability for the next four fixtures. The fixtures are: First Team vs. Solihull Moors (Tue, 11th Aug 19:45), First Team vs. Curzon Ashton (Sat, 15th Aug 15:00), First Team vs. Brackley Town (Tue, 18th Aug 19:45), and First Team vs. Gloucester City (Sat, 22nd Aug 15:00). The table lists players and their availability status for each fixture. A legend at the top of the table defines the availability status: Not Set (grey circle), Available (green checkmark), Unavailable (red question mark), Not Sure (yellow X), Not Selected (grey circle), Selected - Unconfirmed (yellow circle), Selected - Confirmed (green circle), and Selected - Declined (red circle). A 'More options' button is present for each fixture column.

Name	First Team vs. Solihull Moors Tue, 11th Aug 19:45	First Team vs. Curzon Ashton Sat, 15th Aug 15:00	First Team vs. Brackley Town Tue, 18th Aug 19:45	First Team vs. Gloucester City Sat, 22nd Aug 15:00
Agnew, Scott	Available	Available	Not Sure	Available
Almond, Scott	Not Set	Not Set	Not Set	Not Set
Allen, Scott	Available	Unavailable	Available	Available
Anderson, Scott	Not Set	Not Set	Not Set	Not Set

To narrow down your search to specific teams or players use the filters provided. Filter by:

- **Fixtures** - only show fixtures for a specific team.
- **Players** - only show players from a specific team.

//////IMAGE MISSING

To focus on one specific fixture, click the grey 'More Options' button on the particular date of your fixture.

This is a partial screenshot of the same Club Control Panel, showing the 'Availability Overview' page. The top navigation bar and left-hand menu are visible, with the 'Teams' tab and 'Availability' option highlighted. The main content area shows the start of the 'Availability Overview' section, including the fixture dates and the 'More options' button for the first fixture.

On the following page, you can see each player's availability status for a future date.

Players can mark their availability status as one of three options:

- Available
- Unavailable
- Not Sure

Request Players update their Availability

The availability page, shows in greater detail each player's availability status.

If a status is missing, you can send an email to a player requesting they update their status.

To do this, select the players you wish to request an availability status from and then select the green 'Send availability prompt' button.

Providing that the player is registered and receiving emails, an email will be sent asking them to set their availability via their Pitchero account or the Pitchero App.

For players below the age of 14, the request will be sent to the parent's account for them to set their child's availability.

Over Riding Player Availability

Not every Team player or parent will use their Pitchero account or the Pitchero App to set their availability.

Fortunately, you can update a player's availability on their behalf.

To set a player's availability, access your Club Control Panel and click the 'Teams' tab, then select 'Availability' from the left-hand menu.

Locate the fixture date you want to set the player's availability status for and click the grey 'More Options' button.
